SUCCESS CRITERION 1.4.4 · LEVEL AA

Resize Text

Except for captions and images of text, text can be resized without assistive technology up to 200 percent without loss of content or functionality.

Principle 1: Perceivable

Guideline 1.4: Distinguishable

What each role can do

Product manager

Ensure that text on the site is resizable without breaking layout or functionality.

Designer

Design a flexible layout that accommodates text resizing.

Developer

Use relative units for text sizes to make sure they can be resized easily.

Tester

Test text resizing across various browsers to ensure readability and usability.

Once it is fixed

> “Now I can read comfortably without hunting for my magnifying glass. Much appreciated!”

WCAG Quotes

Every WCAG 2.2 success criterion, told by the person it helps.
