

SUCCESS CRITERION 2.4.8 · LEVEL AAA

Location

“I need a map! Or at least a 'You Are Here' sign. Help me figure out where I am on your site!”

Who this helps: Cognitive Impairments, Visual Impairments

SUCCESS CRITERION 2.4.8 · LEVEL AAA

Location

Information about the user's location within a set of web pages is available.

Principle 2: Operable

Guideline 2.4: Navigable

What each role can do

Product manager

Include features like breadcrumb trails or highlighted menu items to indicate location.

Designer

Design interface elements that give users a sense of their location within the site.

Developer

Incorporate breadcrumbs, highlight active menu items, or use other methods to indicate user location.

Tester

Ensure that location indicators function properly and are easily understandable.

Once it is fixed

> “Now that I know where I am, I can actually enjoy the journey. It's like having a compass for the web!”

WCAG Quotes

Every WCAG 2.2 success criterion, told by the person it helps.

mpaiva.com/wcag-quotes/2-4-8-location

The quotes are written to illustrate the criterion. They are not testimonials from real people.
