

SUCCESS CRITERION 3.2.2 · LEVEL A

On Input

“Hey, I was still reading! Don't switch tabs on me!”

Who this helps: Cognitive Impairments, Visual Impairments

SUCCESS CRITERION 3.2.2 · LEVEL A

On Input

Changing the setting of any user interface component does not automatically cause a change of context unless the user has been advised of the behavior before using the component.

Principle 3: Understandable

Guideline 3.2: Predictable

What each role can do

Product manager

Inform users about any context changes resulting from their actions.

Designer

Include clear indications or warnings if input will lead to changes in context.

Developer

Implement alerts or tooltips to warn users about impending context changes due to input.

Tester

Test to ensure that context changes upon input are clearly communicated.

Once it is fixed

> “No more surprises! Now I feel like I'm in control. You guys rock!”

WCAG Quotes

Every WCAG 2.2 success criterion, told by the person it helps.

mpaiva.com/wcag-quotes/3-2-2-on-input

The quotes are written to illustrate the criterion. They are not testimonials from real people.
