

SUCCESS CRITERION 3.3.3 · LEVEL AA

Error Suggestion

“Made a mistake? No worries, here's a hint to get it right!”

Who this helps: Cognitive Impairments, Learning Disabilities

SUCCESS CRITERION 3.3.3 · LEVEL AA

Error Suggestion

If an input error is automatically detected and suggestions for correction are known, those suggestions are provided to the user.

Principle 3: Understandable

Guideline 3.3: Input Assistance

What each role can do

Product manager

Incorporate error correction suggestions within the error identification process.

Designer

Design intuitive and helpful error suggestions that guide users to correct mistakes.

Developer

Develop functionality to provide actionable suggestions when common errors are detected.

Tester

Test to ensure error suggestions are helpful, accurate, and do not compromise security.

Once it is fixed

> “Your suggestions made fixing errors a snap. It's like having a friendly guide by my side!”

WCAG Quotes

Every WCAG 2.2 success criterion, told by the person it helps.

mpaiva.com/wcag-quotes/3-3-3-error-suggestion

The quotes are written to illustrate the criterion. They are not testimonials from real people.
